

Resolution on Angola

Proposed by the National Union for the Total Independence of Angola

Considering that the election manipulation of the next 2027 general elections has already started;

Considering a gradual and continuous loss of democratic referents in Angola;

Considering that the government's legislative initiative on the electoral law represents a serious attack on electoral transparency;

Considering the barriers put against opponents in accessing public media facilities;

Looking at the interference of the executive cabinet into the judiciary;

The IDC-CDI:

-Calls the Angolan government, to create a sound political climate to allow open and inclusive discussions about all important issues concerning the Angolan national interest.

-Reminds the Angolan authorities about the key importance of an independent judiciary as one of the main guarantees of human rights and rule of law, and avoid the executive interference in the sector;

-Deplores the regression in the electoral transparency process as well as in the freedom of press, and demand the Government of Angola to reset the train in the railway;

-Advice all the Parliamentary Groups in the Angolan National Assembly , to engage into a deep , sincere and clear discussion about the electoral law package to ensure a transparent electoral process and offer free , fair and democratic elections in 2027;

-Recommends all the Angolan political institutions to ensure that all the preparedness of the 2027 general elections are conducted in the due respect of the democratic principles;
